

PROFESSIONAL PROFILE

Systems and Development professional with experience in web development and a focus on cloud, automation, infrastructure, operations and continuous improvement. I am actively strengthening my profile through certifications in Azure, AI, DevOps, Scrum, Project Management and cybersecurity. I am interested in building efficient technical solutions, automating processes and delivering value in environments where technology and operational improvement support business growth. I aim to continue evolving toward roles connected with cloud, DevOps, AI and security.

TECHNICAL SKILLS

Cloud, DevOps and infrastructure: Azure, AWS, Serverless, Lambda, DevOps, CI/CD, automation, cloud infrastructure, operations and continuous improvement.
Frontend development: Angular, TypeScript, JavaScript, HTML5, CSS3, React, React Native.
Backend, APIs and integration: Node.js, .NET/C#, Python, LoopBack 3, REST APIs, integrations and serverless solutions.
Data and databases: SQL Server, MySQL, MongoDB, DynamoDB, PL/pgSQL, cloud data fundamentals.
AI, security and operations: Azure AI, generative AI, cybersecurity awareness, IAM, cloud security, vulnerability analysis and technical support.
Agile and management: Scrum, project management, remote work, technical documentation, collaboration, planning and risk control.

WORK EXPERIENCE

INNOBYTE S.A.

Systems Integrator | April 2025 - Present | Santiago, Chile

- Ensure quality, continuous integration and technical evolution of web applications focused on continuous improvement and value for business users.
- Develop features and integrations using .NET/C#, Angular, Python, SQL Server and MySQL.

Full-Stack Developer | February 2023 - March 2025 | Santiago, Chile

- Developed and improved key modules with Angular, Node.js and AWS services, contributing to customer satisfaction and new projects.
- Main stack: Node.js, Serverless, AWS Lambda, DynamoDB and PL/pgSQL.

TRAZA - INVERSIONES SANTA CAMILA LIMITADA

Programmer | September 2020 - January 2023 | Santiago, Chile

- Developed web applications to optimize administrative processes and support operational continuity.
- Main stack: JavaScript, Angular, TypeScript, Node.js, MongoDB, MySQL and LoopBack 3.

PROFESSIONAL CERTIFICATIONS

Cloud and Azure:

- Microsoft Certified: Azure Fundamentals (AZ-900) - Microsoft, issued 04/06/2026.
- DevOps Foundation Professional Certification (DFPC) - CertiProf, valid until 11/07/2029.
- DevOps Essentials Professional Certification (DEPC) - CertiProf, valid until 06/06/2029.

Data:

- Microsoft Certified: Azure Data Fundamentals (DP-900) - Microsoft, issued 05/06/2026.

Artificial intelligence:

- Microsoft Certified: Azure AI Fundamentals - Microsoft, issued 06/06/2026.
- Artificial Intelligence Professional Certification (CAIPC) - CertiProf, valid until 04/06/2029.
- Generative AI Professional Certification (GAIPC) - CertiProf, valid until 06/07/2029.

Agile and Scrum:

- Scrum Foundation Professional Certification (SFPC) - CertiProf, valid until 06/06/2029.
- Scrum Developer Professional Certification (SDPC) - CertiProf, valid until 11/07/2029.

Security:

- Cybersecurity Awareness Professional Certification (CAPC) - CertiProf, valid until 02/06/2029.
- Cyber Security Foundation Professional Certificate (CSFPC) - CertiProf, valid until 02/07/2029.

Project management:

- Project Management Essentials Professional Certification (PMEPC) - CertiProf, issued 02/06/2026.

Remote work:

- Remote Work Professional Certification (RWPC) - CertiProf, issued 06/06/2026, valid until 06/06/2027.

Credential verification: Credly | BadgeClaimed

EDUCATION

Instituto Profesional DUOC UC:

- Computer Programming Analyst | In progress | Chile

Universidad Bicentennial de Aragua:

- Systems Engineering | Systems analysis and programming background | Venezuela

COURSES AND ADDITIONAL TRAINING

Escalab Academy:

- Full Stack Ninja Bootcamp - HTML5, CSS3, JavaScript, Git/GitHub, JavaScript Master, React JS and React Native.

LinkedIn Learning:

- Professional Project Management Foundations.
- Introduction to AWS: Cloud Concepts - AWS.
- Introduction to AWS: Security - AWS.
- Introduction to AWS: Pricing and Support Services - AWS.

Escuela de Sistemas e Informática:

- Programming Analyst - C, PHP/MySQL, Visual Basic .NET, C# .NET, SQL, HTML, Linux, networking and IT.
- Cisco IT Essentials - Cisco Networking Academy.
